

FOREST RIDGE

5531 Chevrolet Blvd. • Parma, OH 44130 • (440) 886-2959

MAR/APR 2013

HIGHLIGHTS

Effective Immediately

Because the dog mess around the property has gotten out of control, we are no longer accepting dogs at Forest Ridge. **If you are already a resident with a pet, YOU ARE OK!** More importantly, please **PICK UP AFTER YOUR PET!** Any resident found not cleaning up after their dog will be subject to a lease violation and/or cleanup fee.

Welcome to the Future

If you didn't know, the property recently upgraded the laundry machines. They require a reloadable card which can be picked up at the leasing office. If you haven't done so, please stop by and sign for one. There is a machine by the front door of the Welcome Center where you can reload your card as needed.

Let Us Pay Some of Your Rent

Just in case you didn't know, NM residential offers a \$300 rent credit to you for referring someone to any of our properties. The person you refer must sign a 12-month lease in order to qualify you for the rental credit.

Don't Be a Bad Neighbor!

We've received several complaints concerning loud noise at late hours of the night. Please be mindful & respectful of your neighbors by keeping the noise down. Also, please make sure the entrance doors close & lock behind you.

BULLETIN BOARD

Something Broke?
If you require maintenance, please call & place a work order. Do not wait for the problem to get worse. Likewise, if you've placed a work order, please be patient, sometimes a part needs to be ordered, etc. We haven't forgot about you. After-hours **EMERGENCY** maintenance requests can be made by calling 1 (866) 612-3714.

NOTES & NEWS

Wasting Money Is No Fun

Just a friendly reminder rent is **due on the 1st**. As a courtesy, you have until the 4th. Any rent paid after the 4th is subject to any concessions being lost and a \$30 late fee. There is **NO EXCEPTIONS TO THIS POLICY!** Please refer to your rental agreement for clarity.

Put Trash in Its Place

We work hard to keep your community clean. Please dispose of trash in its proper place. Do not leave it outside your apartment door or in any of the common areas of the building. Also, if the dumpster nearest you is full, kindly take your trash to another dumpster or place it on the sides. **PLEASE DO NOT PUT TRASH IN FRONT OF THE DUMPSTER.** Waste Management **WILL NOT** empty containers if it is being blocked by trash.

Got Water?

Please do your best to keep your NWP bill current. If your NWP bill reaches a balance of \$50 or more, your rent **WILL NOT** be accepted.

TRIVIA WHIZ

Pass the Peanuts, Please

Did you know the peanut is not really a nut? Peanuts are legumes, similar to beans and lentils. Peanuts grow underground, as opposed to walnuts, almonds or pecans, which grow on trees.

Peanuts originated in South America, and explorers and traders eventually spread peanuts to Europe, Africa and Asia.

Research by George Washington Carver in the early 1900s led to an increase in peanut production in the United States.

Carver, considered "The Father of the Peanut Industry," encouraged cotton farmers to plant peanuts as a rotation crop to add nitrogen to the soil. During his research, Carver developed more than 300 uses for peanuts.

Here is some more information about the popular peanut:

- March is National Peanut Month.
- China, India and the United States are the top three producers of peanuts.
- Most U.S. peanut farms are family-owned, and the average farm is 100 acres.
- Peanut butter is eaten in 90 percent of U.S. households.
- Four types of peanuts are grown in the United States—runner, Virginia, Spanish and Valencia.
- Peanuts contribute about \$4 billion to the U.S. economy each year.
- Peanuts are a good source of protein, vitamin E, fiber, magnesium, folate and niacin. They are also high in antioxidants.

"No man in the world has more courage than the man who can stop after eating one peanut."

—Channing Pollock

Spring Into a Clean Home

Spring cleaning—we may not look forward to it, but the results of our efforts can be satisfying. Here are a few tips to help you get your home sparkling and your sense of accomplishment soaring:

Make a plan and set goals. Write down what areas of your home you will clean and when. Plan to tackle only one area at a time. The best part of such a list is crossing off each item as it is completed.

Check your inventory. Make sure you have all the cleaning supplies you will need, including cleansers, cloths, sponges, and a mop, broom and dustpan. Gather the smaller items and put them in a bucket or basket so they are easier to carry and keep together.

Before cleaning, declutter. Consider paring down the knickknacks you have on display. Give away or recycle magazines. The fewer items you need to move while cleaning, the faster you will finish. Use a laundry basket to gather items you need someone else in the household to sort through.

Start at the top. Clean rooms from top to bottom—from ceilings to baseboards and everything in between. Don't forget to clean behind and under furniture and appliances, if possible.

When you are finished, take some time to sit back, relax, and enjoy your spotless space!

Medicine Storage Makeover

Whether it's a mild scrape or an attack of the sniffles, we can rest assured knowing the remedy is just a reach away in our medicine cabinet—that is, if the space isn't so messy that the item we're looking for is impossible to find. Fortunately, organizing your medicine storage space is not complicated.

Begin by removing everything from your existing space and throwing out any expired medication. Check packages or visit www.FDA.gov for safe disposal instructions.

Once you've cleared out the expired items, take inventory. Make sure you have over-the-counter essentials such as aspirin or ibuprofen, antibiotic ointment, antacids, antihistamine, cold and cough medicine, throat lozenges, and an antiseptic like rubbing alcohol or hydrogen peroxide. Also stock up on bandages, cotton balls or swabs, tweezers, and a thermometer.

Next, decide where your primary medicine storage is going to be. Although the bathroom seems like a logical place, high levels of heat and humidity can decrease the effectiveness of some medications. Consider storing medications on a high shelf in a kitchen cupboard or bedroom closet.

Finally, organize medicine and supplies in containers based on type. For example, stash ointments and creams in the same basket, store bandages together, and keep children's medicines separate. Now that everything is in its place, you'll know exactly where to look the next time you're in need.

Name That Noodle

According to the National Pasta Association, Americans eat 6 billion pounds of pasta a year—more than any other country in the world. Your cupboard is probably home to basics such as elbow macaroni and spaghetti, but did you know there are hundreds of different types of pasta? On your next trip to the grocery store, pick out a new noodle to try, starting with one of these favorites:

- **Farfalle.** Commonly called "bow tie pasta," farfalle is actually Italian for "butterflies." Its unique shape adds flair to any dish, from pasta salads to soups.
- **Rotini.** The name of this pasta means "twists or spirals." The ridges help it hold on to bits of meat, vegetables and cheese, making it ideal for chunky sauces or baked casseroles. A similar pasta, fusilli, has an even tighter coil.
- **Orzo.** Italian for "barley," this small, grain-shaped pasta is the perfect addition to salads and soups and is often served as a side dish with a light sauce.
- **Penne.** This popular, versatile pasta easily complements any sauce. The hollow shape makes penne a great choice for baking, as it will hold meat and vegetables well.
- **Ruote.** The Italian word for "wheels," ruote is a popular pasta for kids thanks to its fun shape and ability to be pierced easily with a fork. Ruote is a great base for pasta salads and helps trap flavors in stir-fry dishes.

One Minute Chef

Asian Beef and Vegetable Stir-Fry

Ingredients:

- 1 1/4 pounds boneless beef top sirloin steak, 1-inch thick
- 4 cups assorted fresh vegetables, such as sugar snap peas, broccoli florets, bell pepper strips and shredded carrots
- 1 clove garlic, minced
- 1/2 cup prepared stir-fry sauce
- 1/8 to 1/4 teaspoon crushed red pepper
- 3 cups hot cooked rice

Directions:

Cut beef steak lengthwise in half, then crosswise into 1/4-inch thick strips.

Combine vegetables and 3 tablespoons water in large nonstick skillet. Cover; cook over medium-high heat four minutes or until crisp-tender. Remove and drain.

Heat same pan over medium-high heat until hot. Add half of beef and half of garlic; stir-fry one to two minutes or until outside surface of beef is no longer pink. Remove. Repeat with remaining beef and garlic.

Return all beef and vegetables to pan. Add stir-fry sauce and red pepper; heat through. Serve over rice.

WIT & WISDOM

"No man can taste the fruits of autumn while he is delighting his scent with the flowers of spring."

—Samuel Johnson

"In the spring, I have counted 136 different kinds of weather inside of 24 hours."

—Mark Twain

"An optimist is the human personification of spring."

—Susan J. Bissonette

"Spring is when you feel like whistling even with a shoe full of slush."

—Doug Larson

"The true harbinger of spring is not crocuses or swallows returning to Capistrano, but the sound of the bat on the ball."

—Bill Veeck

"Spring is nature's way of saying, 'Let's party!'"

—Robin Williams

"In the spring, at the end of the day, you should smell like dirt."

—Margaret Atwood

"I love spring flowers: daffodils and hyacinths are the ultimate flower for me. They are the essence of spring."

—Kirsty Gallacher

"If we had no winter, the spring would not be so pleasant; if we did not sometimes taste of adversity, prosperity would not be so welcome."

—Anne Bradstreet

"If I had my life to live over, I would start barefoot earlier in the spring and stay that way later in the fall."

—Nadine Stair
